

UPSTAIRS AT THE TAVERN

GENERAL INFORMATION

• *Thank You for your Interest in Upstairs at the Tavern!* •

When booking your event with us, your guests will be able to experience the rich history that reflects in this unique restored building that was once the Rhode Island Malleable Iron Works, established in 1867.

Our second level features the original and restored Administrative Offices of the Rhode Island Malleable Iron Works, and serves as a unique space for special occasions and functions. The space can be used for Cocktail Reception Style Parties, Buffet's and Plated 2 or 3 Course Dinners.

Our main semi-private room, known as the "Great Room" serves as the focal point of "Upstairs at the Tavern." With original restoration of the woodwork, this beautiful space includes a fireplace for ambiance, full bar for your guests, and an open marble kitchen. In addition there are 4 private rooms, 3 of which can be used as a three- room suite! We are able to accommodate 16 to 125 guests, depending on the type of function you are looking to have.

The attached menus are designed to help you in planning your event. We would be more than happy to also customize a menu to meet your needs in order to make it as special as possible.

~ RESERVATIONS ~

In order to guarantee a private event or space, we will need to receive both a signed contract and deposit. All deposits are applied to the final bill.

~ FOOD & BEVERAGE MINIMUMS ~

The IWT sets a food and beverage minimum for all private events. The minimum varies based on the day, time and size of the party. The Food and beverage minimum includes the total food and beverage sales only, and is exclusive of tax and gratuity. If the spending minimum is not reached, a room rental fee will be added to the final to meet that spending minimum.

PLEASE SEE THE POLICIES AND PROCEDURES FOR MORE INFORMATION

*Guest Capacity Maximums depends on the room/table set-up
as well as the type of function.*
